General Winter Rewards Conditions

- Once the fields are selected the splits will be made based on Ratings. Where there are horses on the same rating that require separation, they will be separated based on Winning Stakes. If a tie still exists, the horses will be separated based on highest career rating achieved. If a tie remains the horses will be separated by lot.
- In the event there are fewer than the allowable maximum number of acceptors for any Winter Rewards races, the splits of the respective races will be determined by the Bureau.
- If the number of acceptors result in there being fewer than 12 acceptors per or for any given the Winter Rewards race, the Bureau reserves the right to reduce the number of Winter Rewards races for that division (pacing or trotting).
- In the event there are an extraordinary number of acceptors for any given Winter Rewards race, the Bureau reserves the right to add an additional race(s) where required.
- In the event of a tie for any qualifying position horses will be separated by counting back to the horse with the highest rating, if a tie still exists then the horse with the most lifetime wins will be ranked ahead of the horse with fewer lifetime wins.
- There is no distinction between a dead-heat and a standard placing in reference to points allocation.
- Nominations for the respective races shall be made with the Bureau, in the normal manner, per the advertised programme.
- No horse will be permitted to compete in more than one Winter Rewards 2025 race.
- Up to two Emergencies may be selected for the trotting Winter Rewards races. The Emergencies will be the next eligible qualified horses, relative to the respective rating bands of the races that are declared.
- As the Pacing Winter Rewards races are Preferential Barrier Draws no Emergencies will be permitted.
- Owing to the change in Handicapping System within the Qualifying Periods for the Winter Rewards, handicap conditions for the Trotters races may be subject to change.
- HRNZ reserves the right to alter the conditions of any of the above Winter Rewards Divisions, where required.
- In the event there is a requirement to alter conditions for any of the Winter Rewards Divisions, such changes will be communicated via email within the affected regions and notified via the HRNZ website.
