

HERO

Harness Education & Re-homing Opportunities

HERO Educator - Applications open

What is Hero

- HERO is a rehoming and re-educating programme designed to showcase the standardbred breed to the wider equine industry.
- Off the track Standardbreds are carefully selected and placed with a HERO educator. They will begin the process of a thorough education including ground and ridden work.
- HERO horses will be schooled to a high level and upon completion of their education the HERO horse will then be offered for sale with all proceeds returning to the HERO programme.

As the Hero Programme is expanding we are seeking a Hero Educator to come onboard.

If you fit the criteria below we would love to hear from you:

- Established and competent rider capable of breaking in and schooling an off the track Standardbred.
- Ability to educate and produce a well-rounded horse fit for sale in a variety of disciplines.
- The desire to promote and showcase the Standardbred breed.
- Positive individual looking to join a professional team.
- A good understanding of the health and welfare needs of a Standardbred horse.
